Supplemental Examiner's Amendment and Reasons for Allowance

It is noted that the Examiner's Amendment/Reasons for Allowance sections of the Notice of Allowance mailed 02/08/2006 were incorrect. The present application only required a Reasons for Allowance section, the correct version of which is recited in full below. The Examiner apologizes to Applicant for the inadvertent sections of the previous mailing.

The following is an examiner's statement of reasons for allowance: Applicant's after-final amendment (01/23/2006) to the claims is acknowledged and entered. The prior art of record does not reasonably teach or suggest a composition of formula (I), a compound of formula (IIa), the composition of claim 33, the ultrasound contrast agents comprising a suspension of gas-filled microbubbles, in which the microbubbles comprise a compound of Formula (IIa) (claims 34-36), or a method of ultrasound imaging comprising administering an ultrasound contrast agent comprising a suspension of gas-filled microbubbles, in which the microbubbles comprise a compound of Formula (IIa) (claim 49).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 1, 23-36, 49 are allowed.
